This [OSHA 10-Hour Construction](#) training is designed to educate every construction worker on recognizing and avoiding the top four hazards in their work environment. Topics include fall protection, personal protective equipment, health hazards, and more. It also includes an introduction to OSHA's construction industry standards and requirements of the more frequently referenced and cited standards. Students receive an OSHA 10-hour card upon completion.

Instructor: Fred Miller, OHST, ARM, AU, Safety & Health Specialist/Trainer, [Safety & Health Bureau](#)
